Hapity Homepage Video

Welcome to Hapity, the free and easy way to livestream from your mobile, tablet or PC.

Add livestreams, videos, pictures and text to your website in just one click.

You can also simultaneously broadcast to Twitter and Facebook, with links back to your website.

Set-up is quick and easy. Simply download the plugin from our Help page and install, which takes 5 minutes.

The video is stored on our servers, so you don't have to change a thing on your website.

You keep ownership of all your content and a back-up of your video is automatically generated on your mobile.

Hapity is available for both Android and IOS, and is compatible with WordPress, Drupal, Joomla and more.

For full guides on installing and using the Hapity plugin, go to our Help page.
